EMERGENCY EMPLOYMENT ASSISTANCE

Notice of Determinations and Allocations

This announcement is published pursuant to section 6(d) of the Emergency Employment Act which requires the Secretary to publish any determination required by section 6 of the act in the FEDERAL REGISTER, and pursuant to section 9(c) of the act which requires him, as soon as practicable after funds are appropriated to carry out the act for any fiscal year, to publish in the FEDERAL REGISTER the apportionments required by subsections 9 (a)(1) and (b) of the act.

Public Law 93-9 has extended until June 30, 1973 the Joint Resolution under which the Department is authorized to expend the funds which were expected to be available pursuant to the Appropriations Act for fiscal year 1973 (H.R. 15417, 92d Congress) which had passed both Houses of Congress as of July 1, 1972 when the first such continuing resolution was passed, but which was later vetoed. Under these circumstances, the Secretary has determined to allocate all the funds unexpended as of March 15. The sums listed below include funds obligated to program agents earlier but not spent as of that date.

The allocations have been made on the same bases as were those for fiscal year 1972. The amounts are, however, different for three reasons: (1) Funds required to be apportioned under section 9 (a)(1) in fiscal year 1973 total $800 million compared to $600 million in fiscal year 1972; (2) after 1972 funds were exhausted some funds available for fiscal year 1973 have been obligated and expended to enable ongoing programs to continue until March 15; and (3) the total amount of the supplementary allocation under section 6, known as the section 6 reserve fund, which was originally published on February 23, 1972, has been reduced for fiscal year 1973.

Funds distributed to Indian reservations, as shown on the third table, include some discretionary funds as well as funds made available under sections 5 and 6. Distribution of other discretionary funds, as for the summer program, has been omitted from all tables.
